Customize Your Delta Dental Benefits Plan 2-125 Freedom Plans

A Plan for Every Business

No two companies are alike when it comes to benefit needs. Our products have flexibility that allows customized benefit plans to meet the needs of your employees.

Choose the Coverage You Want

You can select from our **Delta Dental Premier™**, **Delta Dental PPO™** or **Delta Dental Dual Network Advantage** product lines. If you prefer the simplicity of having access to the largest dentist network in the state of Tennessee and the USA, then the **Delta Dental Premier** product line is for you. If, however, you prefer the greater cost savings of a preferred provider organization, then the **Delta Dental PPO** is your product. Or if you would like a preferred provider organization coupled with a safety net of the largest dental network in the country, then the **Delta Dental Dual Network Advantage** is just right.

The Delta Dental Network Difference

Employees have access to the country's most extensive networks:

Delta Dental Premier

The country's most extensive network with more than 174,000 participating dental offices, which is twice the size of our competitors' networks. This preferred provider organization has discounts, thereby lowering out-of-pocket costs, and no balance billing.

Delta Dental PPO

This network has more than 97,000 participating dental offices in the nation. This preferred provider organization has deeper discounts, keeping out-of-pocket costs even lower, and no balance billing.

Delta Dental Dual Network Advantage

Utilizes the Delta Dental PPO network for deeper discounts along with the largest network in the nation, Delta Dental Premier, as a secondary safety net.
