Dental benefit plans tailored to you and your family

---

Good oral health is essential to a healthy life, and Delta Dental of Tennessee makes taking care of your smile easy with access to the nation's largest network of dentists, comprehensive benefits, exceptional service, and superior value.

## A Focus on Prevention

More than 90 percent of all systemic disease, including diabetes, leukemia, heart disease, and more, has oral characteristics that can be detected by a dentist during an oral exam. Delta Dental emphasizes the importance of regular check-ups with your dentist, offering coverage on those preventive services up to 100 percent.

## The Power of Two Networks

Delta Dental offers two dentist networks to help cover your smile while keeping costs as low as possible. The Delta Dental PPO<sup>SM</sup> Network provides maximum cost savings, while the Delta Dental Premier<sup>®</sup> Network provides a safety net for additional access when you need it.

Good health starts with a healthy smile! Learn more about your benefits and how to get the most out of your dental plan to unleash your family's smile power.

## No Surprises!

Want to know how much a procedure will cost? Want to make sure a service is covered under your plan? Ask your dentist for a **Pre-Treatment Estimate**.

Your dentist will send a request to us, and we will let him or her know if a service is covered, how much it may cost, and what you may have to pay. These amounts will not be exact, but they will give you a good idea of what to expect.

## Keep it simple.

Choose a Network Dentist.

- ▶ **No paperwork!** Your dentist fills out all forms and files claims for you.
- ▶ **No extra charges!** You are only responsible for your deductible and/or co-insurance charges.
- ▶ **No Balance Billing!** You never have to pay more than our Maximum Allowed Fees for services.
- ▶ **No waiting for reimbursement!** You never have to pay full price at the time of a dental visit.
